

THE SIMPSON PROTOCOL TRAINING – Online 2023

Advance Training for Hypnotists on Working Interactively in the Esdaile State and Beyond with Tim Horn

The Simpson Protocol Training From the Comfort of Your Own Home

Upcoming Dates:

October 29th, 30th, and November 5th, 6th
January 14th, 15th, 21st, 22nd

Objectives: This is a developing and extraordinary course that teaches students how to bring clients into the deepest levels of Hypnosis (Esdaile and beyond) in order to access the Super-Conscious Mind.

Normally, when a subject enters the Esdaile level, they find themselves so comfortable and relaxed that they no longer wish to communicate with the hypnotist. This is the first time we can teach how to communicate with clients – even at that deep level.

Students will learn how to bring their clients into the Esdaile level and verify that they have reached the Esdaile level with specific tests and then validate it with the conscious mind. From there, you will learn what questions to ask to elicit the most important answers to the client's deepest problems and then learn how to assist the client to resolve them from within using the Super-Conscious Mind.

Here are some specific benefits of this class

- Learn how to prepare clients to achieve deeper levels of hypnosis.
- Learn how to condition clients quickly and easily using pre-conditioning techniques, so each client can reach the Esdaile level more rapidly.
- Learn how to take clients to the Esdaile level and test to ascertain they are there. Learn how to communicate interactively with the Superconscious and subconscious minds in the Esdaile State and beyond.
- Learn to allow the Client's "Superconscious Mind" lead the session to achieve profound outcomes.
- Demonstrate how to apply "Change Work" to clients.

The Second Weekend will be devoted primarily to:

- 1) Surrogacy with Humans and Animals
- 2) Surrogacy with Animals

- 3) Healing at the Sichort State
- 4) Health Template
- 5) Chakra Clearance
- 6) Past Life Methods You will be sent a manual and improvements that have been made in the past two years. Ongoing training is available to achieve mastery of the techniques taught.
